

## **Society**

The Lethbridge Christian School Society was established in May, 1993. Membership in the Society is open to concerned parents, dedicated teachers and other committed Christian individuals, who desire a "school-based" education opportunity which complements the Christian principles and values introduced in the church and home.

The Lethbridge Christian School Society Board is comprised of nominated and elected members from the Lethbridge Christian School Society. In maintaining a position that is free from the theological dominance of any one Christian church, the Constitution of the Lethbridge Christian School Society limits the Board members from any one denominational perspective to less than fifty percent of the total membership of the Board.

If you are interested in joining the Society, membership fees are \$30.00 per person or \$60.00 per couple. The Society has two meetings throughout the year open to all school families with members having voting privileges.
