Lethbridge Christian School, an Alternative Program with Lethbridge School Division that teaches from a Christ-centered perspective, is an ECS-8 school established to provide schooling based on the Scriptures and the fundamental teaching of the Gospel of Jesus Christ. Our teachers aim to guide the children in applying spiritual truths and values in their everyday learning experiences while fully delivering the educational curriculum set out by Alberta Education. The staff team works closely with parents to promote the Gospel of Christ and to address student educational concerns.

As a Christian school, LCS is an extension of the Christian home. Any teaching received in the Christian School is supplementary and complementary to the teaching, training, and example of parents in the home. We find great value in working as a community inclusive of parents, community agencies, local churches, and School Division staff to meet the needs of the students of Lethbridge Christian School.

Our mandate for Christian Education comes from God's command that parents teach their children the sole purpose of life: To love God and place Him first in their lives. Scripture imposes responsibility on the parents for the total education and training of their children. At the parents' request, the Christian School along with the Church becomes a partner in this education. From this conviction, the school commits to achieving the following:

- (1) Work with the home and family of the student and the local church.
- (2) Provide opportunities for the spiritual growth of the student.
- (3) Provide opportunities for the academic growth of the student.
- (4) Provide opportunities for the social and physical development of the student.
